10 WEEK TRAINING PLAN

Week 1

DAY	ACTIVITY	EILISH'S TIPS
MON	REST	
TUE	6 x (1 min run, 1 min walk)	If you're just starting out, take it easy! Any new activity takes some getting used to. It's important not to push yourself too hard because you will feel sore tomorrow. Build up gradually.
WED	REST	
THURS	REST	
FRI	20 min brisk walk	At this stage the key is to get into a routine of training. Try to stick to the plan as much as possible, but it's fine to switch days around to fit in with your lifestyle.
SAT	REST	
SUN	1 mile (alt. 1 min run, 1 min walk)	Alternating periods of running and walking is a great way of safely increasing intensity, while reducing stresses and strains associated with doing too much of any one repetitive motion too soon.

Week 2

MON	REST	
TUE	20 min brisk walk	
WED	REST

SUN	Event Day	Don't go off too fast, pace yourself and be proud of your achievements so far and enjoy your big day!
